

Portfolio Overview:

1. Header Section:

- The header section features the title "Lathnesh Cheruvattil" on the top left corner.

2. Terminal Section:

- The central element is a draggable and resizable terminal, styled to resemble a command-line interface.
- The terminal includes a title bar with window controls (minimize, maximize, close).
- It has a command prompt with a blinking underscore, an input field for commands, and an output area.
- The terminal recognizes commands such as 'help', 'about', 'contact', 'projects', 'skills', 'services', 'certifications', and 'social-media'.

3. Portfolio Section:

- The portfolio section showcases projects worked on, providing project titles and brief descriptions.
- Projects are presented in a grid layout, with a hover effect for an interactive experience.

4. Skills Section:

- The skills section displays various skills with their descriptions.
- Skills are presented in a visually appealing manner, with a hover effect for a dynamic user experience.

5. Animated Typing Effect:

- The terminal utilizes a typing animation when responding to commands, enhancing the user interface.

6. How to Use the Terminal:

Commands:

- **help:** Displays a list of available commands.
- **about:** Provides a brief introduction about the portfolio owner.
- **contact:** Shows contact information.
- **projects:** Lists projects.
- **skills:** Displays a list of skills with descriptions.
- **services:** Provides details about offered services.
- **certifications:** Lists certifications.
- **social-media:** Displays social media links (LinkedIn, Twitter, GitHub).

Interaction:

- Type a command in the input field and press 'Enter' to execute.

- The terminal responds with relevant information.
- The blinking underscore indicates the active state.

Window Controls:

- Use the minimize, maximize, and close buttons on the terminal's title bar for window control.

7. Skills Section Animation:

Interaction:

- Hover over a skill to see a dynamic scaling effect.
- This animation enhances the visual appeal of the skills section.

Instructions for the User:

1. **Header:**
 - The title "Lathnesh Cheruvattil" serves as a starting point for the portfolio.
2. **Terminal Interaction:**
 - The terminal is interactive; click anywhere inside to focus on the command input.
 - Commands trigger specific responses in the output area with a typing animation.
 - Use window controls (minimize, maximize, close) for terminal management.
3. **Portfolio Section:**
 - Explore projects in the portfolio by hovering over them for a scaling effect.
 - Each project includes a title and a brief description.
4. **Skills Section:**
 - Discover various skills presented in an animated and visually engaging manner.
 - Hover over a skill to experience the dynamic scaling effect.
5. **Using the Terminal:**
 - Start with the 'help' command to explore available commands.
 - Execute 'about', 'contact', 'projects', 'skills', 'services', 'certifications', or 'social-media' to access specific information.
 - Follow the blinking underscore to track the active state of the terminal.
6. **Enjoy Exploring:**
 - Navigate through the different sections of the portfolio to learn more about the owner's skills, projects, and more.

This portfolio provides an immersive and interactive experience for visitors, combining a command-line interface with visually appealing project and skills presentations.
